📍 Cairo, Egypt

### Hard Skill

---

- Project Management
- Software Development Lifecycle
- Team Leadership & Supervision
- Web/Desktop/Embedded Application Design & Development
- Proficient Troubleshooting
- Technical Process Improvement

### Soft Skill

---

- Observation
- Decision making
- Communication
- Multi-tasking

### Education Background

---

- Alexandria University  
*Bachelor degree of engineering*  
Completed in 2009
- Ain Shams University  
*Master degree in Engineering*  
2015 - 2019

### About Me

---

Software Engineer with 14+ years of experience. Eager to innovate and apply software solutions to enhance business productivity. Highly experienced in all aspects of the software development lifecycle and end-to-end project management, from concept, through to development and delivery.

### Professional Experience

---

- Supervised and lead a team of junior software engineers during the development of a robust upgrade version of the company's software applications.
- Proficiently troubleshoot simple and complex technological issues for different assigned projects.
- Enhanced the application's features to effectively fix the bugs and optimize the overall performance, reliability, and efficiency.
- Utilized software engineering expertise to develop products throughout the software lifecycle to boost business efficiency, from ideation and requirements definition through to development and successful deployment.
- Provided prompt solutions and proactive troubleshooting support to swiftly resolve subtle and complex issues as the Team Lead of the software engineering team.
- Established and utilized strategic methodologies to efficiently analyze the client's database and develop mapping specifications.
- 14+ years of experience in software development: C# and python with different technologies: Pyqt, Django, MVC Core furthermore, developing dynamic libraries and background processes.
